

Wavetel Business

About us

Wavetel is serving millions of its customers around the globe in the telecommunication business: business-telephone systems, Telephony, Connectivity, UCC application, etc

WE OFFER

A range of telecom services in the UK, especially business phone systems, all of which meet internationally-recognised ISO standards, demonstrating our commitment to maintaining the highest quality.

Services we offer

- **Hosted PBX**
- **BUSINESS SIP TRUNKING**
- **VIRTUAL NUMBERS**
- **IP PHONES**
- **ISDN**
- **ONLINE PORTAL**
- **24 HOURS RECEPTIONIST**
- **THE HUB**

WHY WAVETEL

- Save at least 50% compared to legacy telephone system
- Dial between wavetel extensions for free
- Avoid buying, installing and maintaining an expensive PBX hardware
- 2Call anywhere in the world for a fraction of the usual cost
-
- Dial any other extension within your office or to remote office extension for free of cost

BENEFITS

SAVE MONEY

SIP delivers less costly, more reliable connectivity than ISDN over an IP connection. With Wavetel save almost 100% on line rentals and 25% or more on call costs.

UNLIMITED CHANNELS

Wavetel doesn't restrict its customers to number of channels / lines. Our SIP trunks come with unlimited channels.

BUSINESS CONTINUITY

SIP trunks can handle emergencies easily. They are inherently disaster recovery.

Thank You
