We will be recognized by our customers as "best in class" for our technical expertise and execution excellence

### TEAMWORK

We have confidence in each other's capabilities and intentions. We will realize our achievements not just as individuals but also as a team.

### INTEGRITY

We will show integrity in thought and action in all our interactions.

### Ownership

We will act as owners treating the company as our own.

# SERVICES

**CCTV & Remote Surveillance System**

We offer Electronic Security and System Integration Solutions for all types of security systems. Company deals in CCTV Surveillance Systems, IP based Remote Surveillance Systems, Access Control Systems, Intruder Alarm Systems, Fire Safety Systems, Public Address Systems, Perimeter Security Systems, Home Security Systems, Boom Barriers, Automatic Sliding Gates, Parking Management Systems, Time Attendance Systems, Biometrics Security Systems, Wireless Home Security Systems, Video Door Phones Systems, and Vehicle Security Solutions. These systems are used for Airport Security, Hospital Security, School and Education Institutes Security, Shopping Centre Security, Infrastructure Project Security, Office Security, Home Security, and Security of Commercial and Industrial Undertakings.

**Access Control System & Time Attendance System**

Proximity Card, Smart Card based, Access Control Systems, Bio-Metric Finger, Palm, Face Recognition, E.M. Locks, Time Attendance, Pay Roll, and Visitor Management System.

**Intruder Alarm System**

Wired / Wireless, 4 149 Zone Expandable Control Panels, Remote Key Pads, Magnetic Sensors, Vibration, Shutter, Glass Brake, PIR, Twin Beam, Output Hooters, Tamper Proof Cabling, Remote – Arming /Disarming, Auto Dialing, Central Monitoring Station, Response Team, Panic Buttons.

**NOVEC 1230/ Clean Agent/ FM200 Fire Suppression**

It is the process of suppressing fire by reducing the heat element with infusion of clean agent in organized manner.

**Fire Alarm System**

Micro Processor Based Control Panel, Intelligent / Analogue or Digital Control Systems, Smoke Detectors, Heat Detectors, Manual Call Point (Glass Brake Type/ Pull Type), Hooters with Flasher, Exit Glow Signs.

### Public Address System (PA System)

A Public Address System (PA System) is an Electronic Amplification System with a Controller, Amplifier, and Loudspeakers used to support a sound source. For e.g. In case of fire, it can be used to guide people for emergency evacuation.

### Water Leak Detection System

Water leaks, in the wrong place at the wrong time can damage a business in a big way. Water leak detection has become high up on the list of priorities for many companies & industries. In the water leak detector cable, the cable itself is the sensor.

### VESDA System

VESDA aspirating smoke detection solutions with continuous air sampling provide the earliest possible warning of an impending fire hazard. VESDA aspirating smoke detectors by the critical time needed to investigate an alarm and initiate an appropriate response to prevent injury, property damage, or business disruption. VESDA detectors have multi-level warnings and a wide range of sensitivity that does not degrade or change over time, so even minute levels of smoke can be detected before a fire has time to escalate.

### Fire Hydrant System

Fire Hydrant system is a mechanism where water is pumped, tapped off and released in the form of a jet through a nozzle to extinguish the fire.

### Pre Action Sprinkler System

A Pre-action System is a system that employs automatic and closed-type sprinkler heads connected to a piping system that contains air (either pressurized or non-pressurized), with a supplemental system of detection serving the same area as the sprinklers.

## WHY ZAP FIRE?

Managing and executing over 23 projects simultaneously, in vastly different domains, spread across the country, is no small matter. At ZAP FIRE we are able to achieve this because of our culture of customer orientation that permits every level of our organization and defines the way we work.

**You will find that our professionals are more**

**Responsive** - to revert to you faster than you expect.

**Proactive** - to anticipate your needs and meet them.

**Empowered** - to think on their feet and move with their decisions, knowing that they enjoy the support of senior management.

**Focused** - on getting the job done to ensure that the work is completed on time and to specified standards, even in a crisis situation.

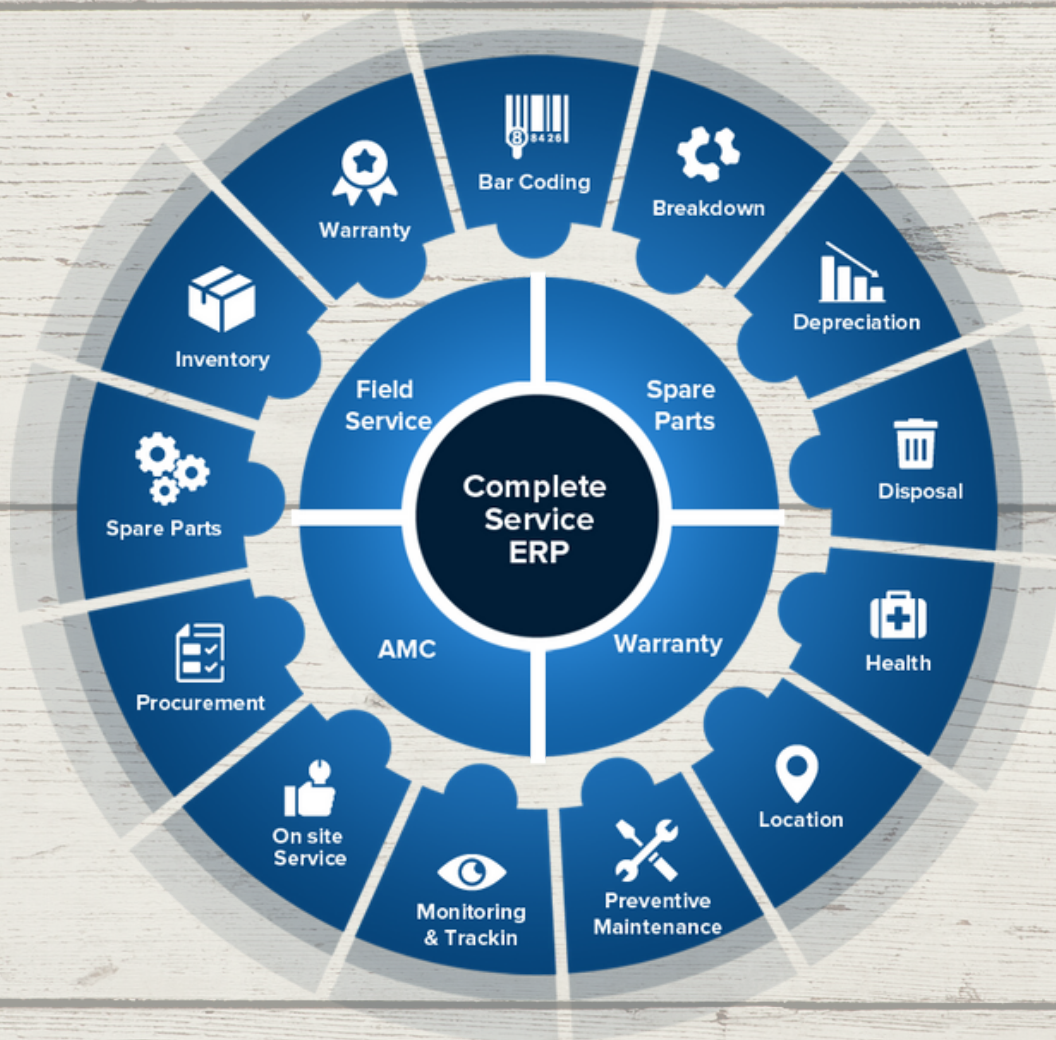

No Automated Telephone services, just friendly well-informed staff.

Providing free Quotations to you with a full report of our recommendations.

Offer a one-stop-solution for all your Security, Life & Safety requirements.

Specialized Technical department.

# Our Service Application for Client Support

We provide ERP based services to our clients which is a smart & impeccable software that helps to keep our transactions recorded & transparent with our clients. The software has lots of features that help us to support our clients superbly.

It is a complete service CRM that integrates AMC Management, Field Service Management, Warranty Management, Customer Service Management, and Spare Parts Management.
